

Be prepared to discuss the following questions at our WEEK 2 Live Session.

1. Think about the following quote: “See a child differently, you see a different child.” - Dr. Stuart Shanker. Share a situation you’ve had that reminds you of this quote.

2. If your explanation guides your intervention and how you respond to the behavior depends on what you think is causing it, then what do you think is a priority for school teams when behaviors are occurring frequently in a student? Are there any barriers that exist in your school that may make this difficult?
