

An Adult Lived Experience of Disability Text Set

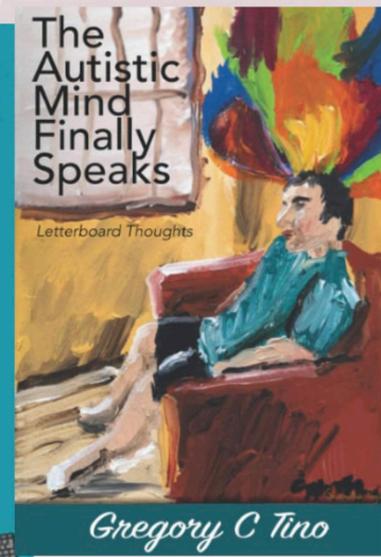

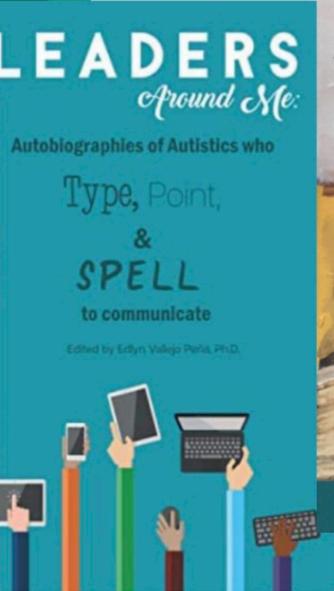

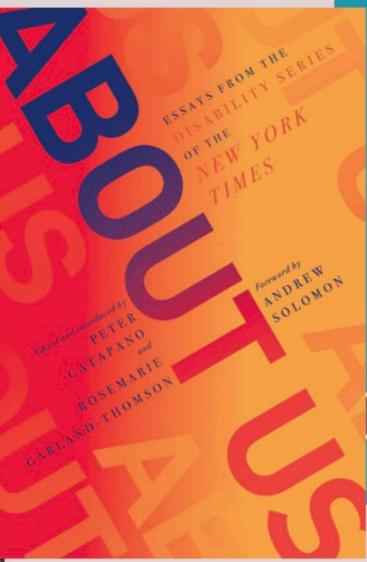

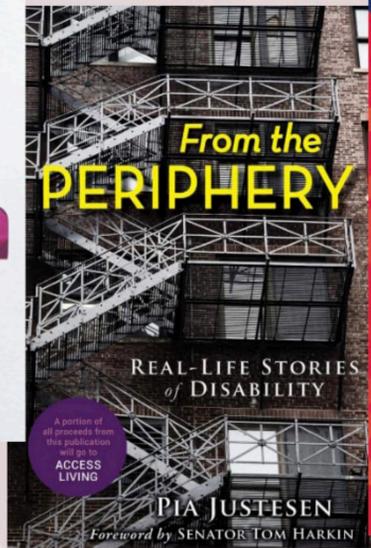

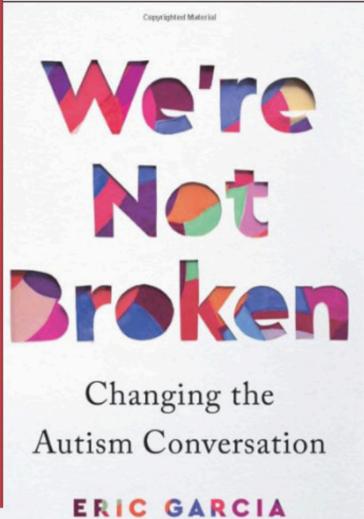

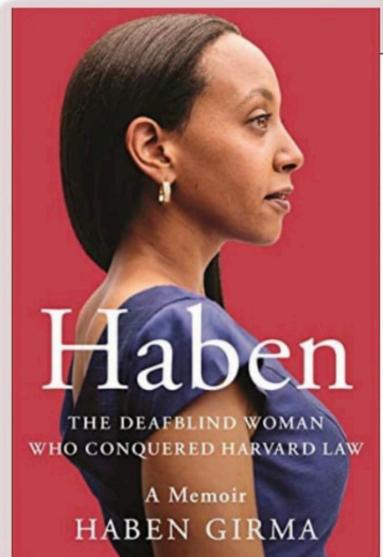

Definition of lived experience : people's experiences & how they live through & respond to those experiences

#livedexperiences

What is a Text Set?

A collection of texts organized for a specific purpose to develop knowledge in a concept, theme, or conceptual concept

Reflection:

How can you use these books to reflect upon themes like acceptance, ableism, presumption of competence, value of difference, growth paradigm vs. deficit paradigm, diversity, accessibility, inclusivity, implicit bias, discrimination, societal norms, stereotypes, the neurodiversity movement, and the "nothing about us without us" slogan?

"Talking about peoples lived experiences is a powerful way to mobilize them. we can create new rules."
